

## Overview:

### D/OPW | Digimura® One one-piece wallcovering 370gsm

There are times where a no-join, one-piece wallcovering is the best solution – and our Digimura One is the perfect solution for these projects. This product will enhance your productivity by simplifying artwork, requiring just one print-run, and can help reduce waste during installation. Specifically produced in a roll-size for the average contract interior ceiling-height (between 2.6 and 2.8m) Digimura One is designed specifically for superwide printing of seamless, worry-free flat-wall graphic installations.

If that wasn't already enough, Digimura One is also the only one-piece digital wallcovering on the market that meets all the legal requirements for commercial and contract interiors.

- A PVC top coating to aid product washability
- Polyester construction for superb impact resistance and durability
- A grey back tint for enhanced opacity
- Paste the wall application
- Very low VOCs
- CE Certified; meets Construction Product Regulations EN 15102
- Fully fire rated for all interior spaces, even when printed
- Perfect for high-traffic commercial interiors such as hotel corridors, offices and education facilities
